

PRESS RELEASE- Total Power in St. Albert, AB!

Total Power is now located in St. Albert, Alberta!

Effective February 1st, 2014 Total Power Limited is pleased to announce the relocation of our Edmonton branch to Unit 170-6 Renault Crescent, St. Alberta. The continuing growth in our Western Canadian operations drove the requirement for a larger space that will better serve and support the Alberta market.

Conveniently located near 2 major highways, the new branch is strategically situated to allow Total Power to offer fast response times that our service customers have come to expect. The new building has more space to properly store equipment and parts, and will allow the company to gain a stronger identity in the local market.

"The opening of our 2nd full service branch in Alberta demonstrates our passion for improving the level of service that we provide our loyal customers and we thank our customers for their great support" says Graham Clark, President of Total Power.

This is an exciting milestone for Total Power Limited as it demonstrates our stability, confidence and continuing growth in the Western Canadian markets.
